Consumption Can be Cured. Schenck's Pulmonic Syrup, Schenck's Sea Weed Tonic,

Schenck's Mandrake Pills

Are the only medicines that will cure pulmonary consumption. Frequently medicines of the patient; they lock up the liver, stop the circulation of the blood, hemorrhage follows, and, in fact, they clog the action of the very organs that caused the cough. Liver comdaint and dyspepsia are the causes of two thirds of the cases of consumption. Many persons complain of a dull pain in the side, constipation, coated tongue, pain in the stee, shoulder-blade, feelings of drowsiness and restlessness, the food lying heavily on the ston ach, accompanied with acidity and pelching up of wind. These symptoms usual-y originate from a disordered condition of the stomach or a torpid liver. Persons so affected, if they take one or two beavy colds, and if the cough in these cases be suddenly checked, will find the stomach and liver logged, remaining torpid and inactive, and lmost before they are aware the lungs are mass of sores, and ulcerated, the result of which is death. Schenck's pulmonic syrup is an expectorant which does not contain oping bales to market. Colonel Lyon has been sick or anything calculated to check a cough sudforthree weeks, consequently the work has not denly. Schenck's sea weed tonic dissolves progressed as favorably as it otherwise would have done.
